NETWORKING WORKSHOP

Producing the position paper the European Union grazing animals have been waiting for long, long time

A rather unnecessary introduction by Giacomo Trombi

A step forward common policies for mountain permanent grasslands

Aim of the workshop: write a joint position paper **addressed to** policy makers* (EU, regions) based on our experiences

* please, think about them

A step forward common policies for mountain permanent grasslands

3 tables, each with

- 1 facilitator
- 2 rapporteur
- 6/7 participants
- Up to 5 PASTORALP members

A step forward common policies for mountain permanent grasslands

1 $\frac{3}{4}$ hours discussion

Coffee break (+ rapporteurs wrap up)

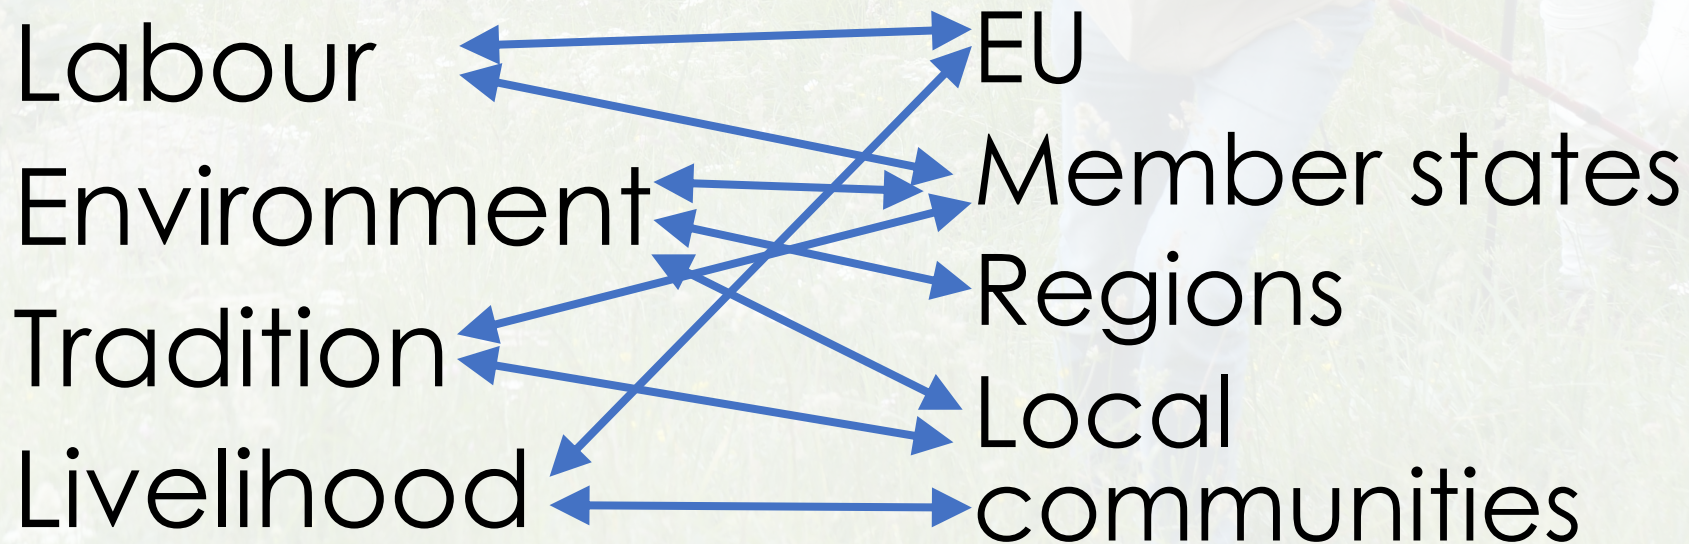

$\frac{3}{4}$ hours plenary

$\frac{1}{4}$ hour conclusions

Beautiful areas, *but often also*
Marginal
Vulnerable
Poor
Remote

A step forward common policies for mountain permanent grasslands

Keep everything together?

A step forward common policies for mountain permanent grasslands

An example

PASTORALP mapping of pastures
and productivity could be used
by regions → other tools are in
use

A step forward common policies for mountain permanent grasslands
